Dear all parents

Greetings!

A *mother* is one who loves her children without selfishness. She dedicates her life to her children without any hope. Whatever we do in lieu of a mother's love, sacrifice, and penance, it will be less. This is the reason why Mother's Day is celebrated every year. Although there may not be a single day for the mother, but by celebrating this day, we can make our mother feel special.

SMPS is wishing

HAPPY MOTHER'S DAY to all beautiful , caring and dedicated MOTHERS who are *'moving the needles* ' in the lives of their children's holistic development.
